Core Coins Are Back!

The JHU School of Medicine is investing in their people — by providing them with resources to advance their work and pursue scientific innovation — which is essential for remaining a world class academic medical center. In this spirit, the JHU SOM is delighted to announce the creation of a new research award to help junior and midlevel faculty members accelerate their discovery and bring their innovative ideas to fruition. International Freezer Challenge

Your Lab could win $5,000 dollars by participating in the International Freezer Challenge. JHU maintains over 1,500 lab freezers across all its Baltimore campuses. As one of the highest consumers of energy in the lab, they account for millions of kWh annually across the University. The International Freezer Challenge is a competition that encourages scientists to be more efficient with their cold storage practices, improve sample accessibility, reduce risk, and save costs. The annual challenge runs from January 1 through June 30.
